

Dust Shield™ HP Carbide Burs

Premium HP carbide burs with pre-mounted dust shields help protect your handpiece!

Dust Shield Burs cover the front opening and help protect the handpiece from contamination

Features & Benefits

Made in USA!

- **Improved Handpiece Protection**

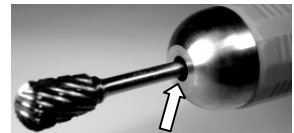

Dust shield shanks protect expensive handpiece spindles, bearings, and chucks by covering the chuck opening and blocking out damaging dust and debris

- **Lower Maintenance Costs**

Up to 90% reduction of contamination inside the front of the handpiece lowers handpiece maintenance costs and increases uptime

- **Ultra-Fast Cutting**

USA-manufactured instruments feature ultra-fast cutting and long-lasting edges to save you time and money

Traditional Burs leave the front opening exposed to damaging dust

All shapes available with tough TNT titanium nitride coatings!
